

Apples

Music and Lyrics by Alicia Jo Rabins/Girls in Trouble

Am C Em F
Although we're far from Eden

Am C Em F
and dirty with the centuries

Am C Em F
come lie with me beneath them

Am C Em F (F/E)
imaginary apple trees

Dm Am (Am/B) C Em F (F/E)
Which one is more beautiful

Dm Am (Am/B) C Em F (F/E)
the goldfish or the copper bowl

Dm Am (Am/B) C Em F (F/E)
The world is made of oil and honey

Dm Am (Am/B) C F
Part of you and part of me

Am C Em F
The apples and the cinnamon

Am C Em F
and how they taste together

Am C Em F
the walnut lets its green fruit fall

Am C Em F
and grows into another
