My love, my love, what have you done

And where have you taken my only son

Some terrible place where I can't see his face

All these years I've been a faithful wife

And I gave you a child so late in my life

My time was done, when I bore you a son

[Oh....] ×4

VERSE

Well I went down to the river so wide
Satan was standing on the other side
He said to me, Look and see
But hush little baby, don't you cry
Cause I'll be waiting on the other side
You won't be alone, I'll make it feel like home
[Oh...] ×4
